Wednesday, 15th September 2021

ZIMMER BIOMET
Institute®

Instructional Course

Our continuum of education offers a vast range of opportunities to health care providers to learn, interact, understand and share knowledge about our products, services and about surgical philosophies through a variety of modalities.

We know you are good. And we know you are eager to become even better. Get those real-time problem-solving deep-dives with Skill Enhancement by the Zimmer Biomet Institute®!

The specific course objectives include:

- Review the vertebral body tethering indications
- Perform mini-open and thoracoscopic access to the thoracic spine
- Correctly perform anterior instrumentation of the thoracic spine for the purpose of deformity correction

The Zimmer Biomet Institute wishes you a valuable and enjoyable training with us.
