BIOSKILLS

Trauma

Periprosthetic Fractures

IN-PERSON

Tübingen, Germany
07th - 08th September 2021

ZIMMER BIOMET
Institute®

BioSkills

Our continuum of education offers a vast range of opportunities to health care providers to learn, interact, understand and share knowledge about our products, services and about surgical philosophies through a variety of modalities.

Life is all about activity. At Zimmer Biomet Institute® we therefore believe our delegates should play an active part when learning about new products, surgical techniques or the like. Get your hands and brains on human specimens, sawbones and instruments to deepen your knowledge and enhance your skills!

The specific course objectives include:

- Recognize the challenges of periprosthetic fracture management
- Apply techniques of internal fixation using our NCB Polyaxial Plating System for Femoral, Tibial & Periprosthetic Fracture indications
- Analyze treatment failures and possible pitfalls in treatment

The Zimmer Biomet Institute wishes you a valuable and enjoyable training with us.

Zimmer Biomet Institute
