## BioSkills

Our continuum of education offers a vast range of opportunities to health care providers to learn, interact, understand and share knowledge about our products, services and about surgical philosophies through a variety of modalities.

Life is all about activity. At Zimmer Biomet Institute® we therefore believe our delegates should play an active part when learning about new products, surgical techniques or the like. Get your hands and brains on human specimens, sawbones and instruments to deepen your knowledge and enhance your skills!

The specific course objectives include:

- Understanding the indications for the use of Trabecular Metal™ Acetabular Revision System, G7® Acetabular System and Arcos® Modular Femoral Revision System
- Investigate available implant options and perform the surgical technique
- Perform hip revisions procedures safely and effectively on anatomical specimens
- Review surgical tips from expert Faculty that will be beneficial in practice

The Zimmer Biomet Institute wishes you a valuable and enjoyable training with us.
