Knee System

PROBLEM SOLVED!?

ADVANCING ARTHROPLASTY TOGETHER

12th-15th October 2022 - Madrid

Preliminary Program

Programme

Thursday 13th October 2022

08:30 *Setting the scene*

Session I - Can we make it pain free and faster? Enhanced recovery arthroplasty

- 09:00 What is possible?
- 09:10 Understand the local and systemic response to surgery
- 09:18 Medication: what is the recipe for success?
- 09:26 What should you ask your anaesthetist?
- 09:34 Same-day surgical procedures
- 09:42 What is the safety profile of fast tracked procedures?
- 09:50 Get your patients up and going
- 09:58 Ask the Experts
- 10:25 Final words of wisdom

10:30 *Coffee break*

Session II Hip - How to get it right the first time? Optimizing primary hip arthroplasty

- 11:00 Planning for success
- 11:05 What I do in my practice everyday
- 11:13 Using technology to help us
- 11:21 Ask the Experts
- 11:36 Performance for success
- 11:41 The tools I use to get it right
- 11:49 Robotic THA: the story so far
- 11:57 Rosa Hip surgical steps video recorded
- 12:02 Robotic THA in daily practice
- 12:10 Ask the Experts
- 12:25 Final words of wisdom

12:30 *Lunch break*

Session II Knee - How to get it right the first time? Optimizing primary knee arthroplasty

- 11:00 Personalize arthroplasty
- 11:05 Offer UKA to eligible patients
- 11:15 UKA: get it right the first time
- 11:21 UKA: get it right the first time
- 11:27 Ask the Experts
- 11:45 Your choices to optimise TKA
- 11:55 Technology to improve performance
- 12:05 Ask the Experts
- 12:25 Final words of wisdom

Session III - Implant durability under stressful conditions

- 14:00 The obese osteoporotic patient
- 14:05 The implant of choice in Europe
- 14:13 The implant of choice in North America
- 14:21 Ask the Experts
- 14:36 The weekend warrior patient
- 14:41 Contemporary concepts in joint loading
- 14:49 Optimal bearing choices
- 14:57 Is it time to reconsider cementless fixation in TKA?
- 15:05 Ask the Experts
- 15:25 Final words of wisdom

15:30 *Coffee break*

Session IV Hip - Challenge accepted: the young and active patient

- 16:00 The 25 year old runner
- 16:05 When is the right time for surgery?
- 16:13 Patient preparation and mindset
- 16:21 How to approach the high performance hip
- 16:29 Ask the Experts
- 16:41 The 40 year old dancer
- 16:46 Which implant performs best?
- 16:54 How to get leg length right
- 17:02 How can technology help
- 17:10 Ask the Experts
- 17:25 Final words of wisdom

17:30 Interactive sessions

18:30 *Closure*

Session IV Knee - Challenge accepted: the young and active patient

- 16:00 My experience with compartmental knee arthroplasty
- 16:05 Medial uni is the solution: ignore the patella
- 16:12 Pragmatic approach to compartmental knee arthroplasty
- 16:19 Lateral UKA make my best patients
- 16:26 The patient I select for simultaneous bilateral uni
- 16:33 The true value of multi compartmental knee arthroplasty
- 16:40 Technology in multi-compartmental knee arthroplasty
- 16:47 Ask the Experts
- 16:57 Case discussion
- 17:25 Final words of wisdom

Friday 14th October 2022

8:00 Interactive sessions

Session V - What keeps you up at night?

- 09:00 Introduction case 1
- 09:02 The early dislocation
- 09:06 Ask the Experts
- 09:21 Introduction Case 2
- 09:23 The draining arthroplasty wound
- 09:27 Ask the Experts
- 09:42 Introduction Case 3
- 09:44 The “terrible leg” early after arthroplasty
- 09:48 Ask the Experts
- 10:03 Introduction Case 4
- 10:05 The patient heard a “crack” and couldn’t bear weight
- 10:09 Ask the Experts
- 10:25 Final words of wisdom

10:30 *Coffee break*

Session VI Hip - Hip instability: case based learning

- 11:00 Introduction Case 1
- 11:05 Case discussion
- 11:15 It’s all about the hip-spine relationship
- 11:20 Ask the Experts
- 11:25 Introduction Case 2
- 11:30 Case discussion
- 11:40 Dual Mobility - is it the solution?
- 11:45 Ask the Experts
- 11:55 Introduction Case 3
- 12:00 Case discussion
- 12:10 The recurrent dislocating hip
- 12:15 Ask the Experts
- 12:25 Final words of wisdom

12:30 *Lunch break*

Session VI Knee - How to prevent instability in TKA

- 11:00 Instability in TKA: a reality
- 11:05 Implant positioning: where does the knee belong?
- 11:12 Functional alignment using robotics
- 11:19 What about the patella?
- 11:26 Ask the Experts
How I balance a knee
- 11:36 Customized implant
- 11:43 Flexion first technique
- 11:50 Extension first technique
- 11:57 From PSI to robotic
- 12:04 Choosing the proper constraint is still key
- 12:11 Ask the Experts
- 12:25 Final words of wisdom

Session VII - The fight against Bacteria

- 14:00 Patient impact statement
- 14:05 The difficult diagnosis
- 14:13 Expanding the diagnostic tool kit
- 14:21 The current role of imaging and radiology
- 14:29 Ask the Experts
- 14:45 Single stage revision the critical element
- 14:53 Would you consider a DAIR?
- 15:01 2 stage revision: the good and the bad
- 15:09 Ask the Experts
- 15:25 Final words of wisdom

15:30 *Coffee break*

Session VIII Hip Complex primary hip arthroplasty

- 16:00 Identifying and addressing the challenges
- 16:05 DDH: it's all about the socket
- 16:13 DDH: where are the pitfalls on the femoral side?
- 16:21 Dealing with deformity
- 16:29 Ask the Experts
- 16:45 THA following acetabular fracture
- 16:53 THA following failed hip fracture
- 17:01 THA in the presence of metastatic disease
- 17:09 Ask the Experts
- 17:25 Final words of wisdom

17:30 Interactive sessions

18:30 *Closure*

Session VIII Knee Complex primary knee arthroplasty

- 16:00 Surgeons nightmares
- 16:05 My experience in patients following osteotomy
- 16:12 The stiff posttraumatic TKA
- 16:19 How to deal with tibial and femoral extra-articular deformities
- 16:26 Getting on track a chronically dislocated patella
- 16:33 Ask the Experts
- 16:48 Bone dysplasia: a tough job
- 16:55 Hyperextension: surgical solutions and implant choice
- 17:02 Morbidly obese: what's best?
- 17:09 Ask the Experts
- 17:25 Final words of wisdom

Saturday 15th October 2022

8:00 Interactive sessions

Session IX Hip - Hip Revision: Can we make the first-time revision, the final one?

- 09:00 Making every revision reliable and reproducible
- 09:05 Classification and Planning: the foundation for success
- 09:12 Using a Hemispherical Cup what I do & why
- 09:19 Using a Modular Taper Fluted Stem what I do & why
- 09:26 Ask the Experts
- 09:42 Dealing with major bone loss
- 09:47 Porous Metal Augments what I do & why
- 09:54 Cup-cage - what I do & why
- 10:01 Custom-made Implant what I do & why
- 10:08 Ask the Experts
- 10:25 Final words of wisdom

10:30 *Coffee break*

Session X - What's next?

- 11:00 Learning from the giants
- 11:45 A glimpse of the future in arthroplasty
- 12:10 The highlights: be ready for Monday!

12:30 *End of the Symposium*

Session IX Knee - Knee Revision: Can we make the first-time revision, the final one?

- 09:00 Cases discussion: focus on fixation
Ask the Experts
- 09:45 Cases discussion: solving stiffness
Ask the Experts
- 10:25 Final words of wisdom

Chairs

Prof. Peter Aldinger

Orthopädische Klinik
Paulinenhilfe, Diakonieklinikum,
Stuttgart Germany

Dr. Andrea Baldini

I.F.C.A. - Casa di Cura Ulivella e Glicini,
Firenze Italy

Mr. Stephen Jones

Cardiff & Vale University Health Board,
Cardiff U.K.

Prof. Anders Troelsen

Copenhagen University Hospital,
Hvidovre Denmark

Target Audience

Experienced hip and knee arthroplasty surgeons, interested in how technologies and patient pathway optimization can improve the patient journey.

Course Accreditation

Awarded by the Royal College
of Surgeons of England

Zimmer Biomet is obliged and committed to ensure compliance with all applicable laws and regulations, including the MedTech Europe/Mecomed/SAMED Codes of Ethical Business Practice and other applicable industry standards. Zimmer Biomet would like to point out that the participation to our medical education meetings is restricted to selected Health Care Professionals. Zimmer Biomet cannot organize, facilitate or pay arrangements such as hotels, meals, transportation etc. to individuals not having a bona fide professional interest in the meeting, e.g. for spouses/partners or other accompanying persons not directly involved in the meeting.
