

BASIC PROTECTIVE MEASURES AGAINST THE NEW CORONAVIRUS

Zimmer Biomet Guideline

ZIMMER BIOMET

Zimmer Biomet is closely monitoring the current developments related to the COVID-19 pandemic and its effects on the activities organized by the Zimmer Biomet Institute®. We would like to remind you that Zimmer Biomet in corporation with our venues have put in place protective measures in line with applicable local requirements aimed at reducing the infection risks associated with in-person activities. The measures as currently in place and updated on a regular basis.

Also travelling has become rather complicated under the current circumstances. Zimmer Biomet trusts that you closely monitor the constantly changing rules applying to travels between your country of origin and the activities site, both in regards to entry restrictions upon your arrival at the activities site as well as any quarantine regulations applicable in your country of origin upon your return. It goes without saying that it remains each and every participant's decision whether it appears appropriate under his/her individual circumstances to travel and attend the in-person activities.

Also Zimmer Biomet will keep monitoring the evolving situation and will update you on any decisions in due course. Thank you very much for your understanding and your cooperation.

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.

Maintain at least 2 metres (6 feet) distance between yourself and others.

Avoid touching eyes, nose and mouth.

Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately.

Stay home and self-isolate even with minor symptoms such as cough, headache, mild fever, until you recover. Have someone bring you supplies. If you need to leave your house, wear a mask to avoid infecting others.

**Stay informed on the latest developments about COVID-19.
Follow advice given by your healthcare provider,
your national and local public authority or your employer on how to
PROTECT YOURSELF AND OTHERS FROM COVID-19.**
