

# **BIOSKILLS**

Hip

## **The Difficult Primary Total Hip Arthroplasty**

Leuven, Belgium

15<sup>th</sup> - 16<sup>th</sup> November 2022

**ZIMMER BIOMET**  
Institute®

---

## BioSkills

Our continuum of education offers a vast range of opportunities to health care providers to learn, interact, understand and share knowledge about our products, services and about surgical philosophies through a variety of modalities.

Life is all about activity. At Zimmer Biomet Institute® we therefore believe our delegates should play an active part when learning about new products, surgical techniques or the like. Get your hands and brains on human specimens, sawbones and instruments to deepen your knowledge and enhance your skills!

The specific course objectives include:

- Review the most common causes of difficult primary THA surgery
- Discuss pre-operative planning and formulate a surgical plan
- Investigate available implant options for each scenario
- Perform the planned surgical procedure to solve the complex primary THA case
- Review surgical tips from expert faculty that will be beneficial in practice

The Zimmer Biomet Institute® wishes you a valuable and enjoyable training with us.

Zimmer Biomet Institute®

LEARN. INTERACT. UNDERSTAND. SHARE.
